

Glenn,
Welcome to Apadmi!

Garry Partington

CEO

We are so excited to welcome you to the **Apadmi** family!

Here at Apadmi we are all about creating **technology** that keeps leading organisations and their customers moving forward. We do that by creating **digital products** which solve complex problems and deliver enriching experiences for people on the move across mobile, web and digital platforms.

We are passionate about incorporating our **core values** into the everyday lives of our employees and ensuring we have a positive, safe and fun environment for all.

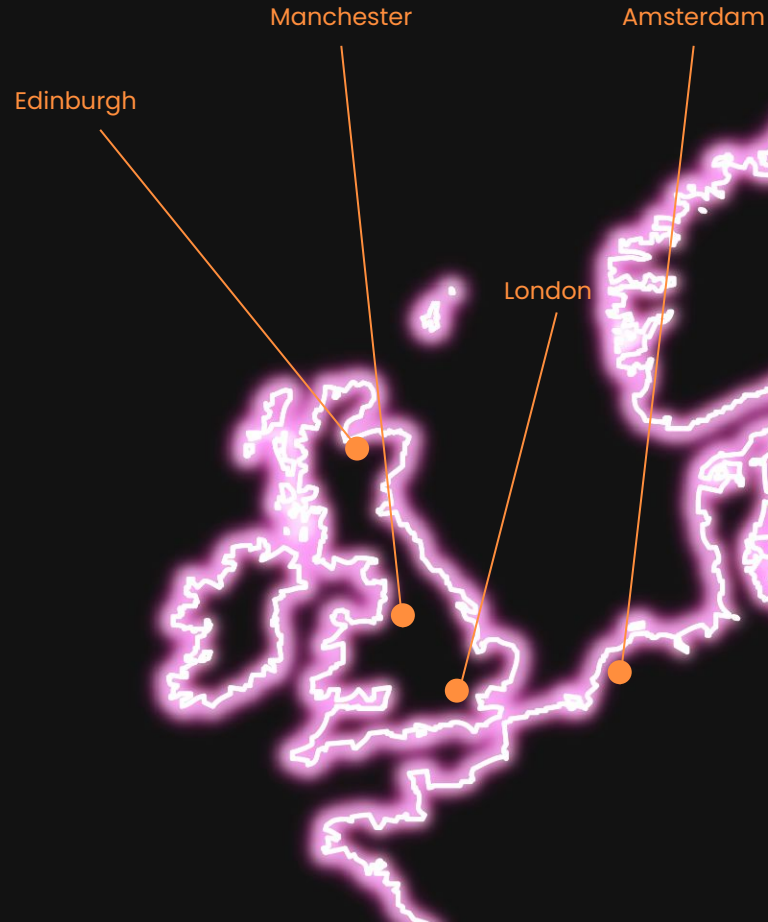

See you soon!

APADMI

About us

- Creating valued applications for our clients
- Generated by a team of 200 experts
- Mobile, web, design, development, integration & optimisation
- Unlocking value for leading organisations

Our story so far

Our story started with our Founders.

Howard Simms
The Team Builder

1998

TWO OF OUR FOUR FOUNDERS (GARRY & NICK) WERE PART OF THE TEAM WHO BUILT THE FIRST EVER SMARTPHONE, THE ERICSSON R380S, AND ITS MOBILE APPS.

2007

THE MOBILE WORLD CHANGED WITH APPLE LAUNCHING THE IPHONE & ANDROID QUICKLY FOLLOWING. THE APP WORLD CHANGED FURTHER WITH THE LAUNCH OF THE APPLE APP STORE.

2009

THE FOUNDERS SAW AN OPPORTUNITY & LAUNCHED APADMI. OUR FIRST CLIENT WAS THE BBC FOLLOWED BY SONY, RANGE ROVER, THE GUARDIAN & X-FACTOR.

2019

APADMI CELEBRATED ITS 10TH ANNIVERSARY AND OUR 100TH TEAM MEMBER! WE WON HUGE PITCHES WITH CHELSEA & DOMINOS AND SIGNED OUR LEASE AT ANCHORAGE.

Our Values

Good People

Open, honest, respectful,
down-to-earth, fun,
all about teamwork

Up for a challenge

Excited by complexity,
thrilled by opportunity, energised
by solving problems

Driven by performance

Motivated by impact,
results-obsessed,
determined to be the best

Positively proud

Of the work we do, of our clients,
of our people, to make a difference

Constantly inquisitive

Guided by curiosity,
all about ideas and solutions,
always inspiring

Apadmi's people are sharp,
passionate, talented in their field
and importantly, they share our
vision for the app as they helped us
define & develop our thinking.

Dress for your Day

Here at Apadmi, we want to ensure that our colleagues feel comfortable in attire that they feel is suitable for their day.

We ask that colleagues are mindful about what they wear when dealing with clients & guests, including when they work from home.

Whilst you don't need to be suited & booted every day, we ask our colleagues to take pride in representing our brand.

"I have no idea what the dress code allows, but I bet it doesn't include pyjamas!"

On arrival

Will you be coming in by car, tram, bike or plane? Below you'll find a simple guide to make your entrance as smooth as possible.

CAR

- Upon arrival, if you cross the tramlines and pull up outside the second building, and pop into reception to collect your pass.
- Drive past the entrance and you'll come to a barrier and a shutter to gain entrance into the carpark - once you've swiped your card, drive on up to the 10th Floor and take your pick of spaces!
- You will find steps & a lift to hop into to bring you back down to the ground floor, from here please head round to Anchorage 2 reception and we will meet you there!

BIKE

- Upon arrival, if you cross the tramlines and pull up outside the second building, and pop into reception to collect your pass which will be with Rob or Elaine depending on the time you arrive.
- The bikeshed is located on the 1st Floor in the car park on your right as your cycle in. The code changes regularly but we'll be sure to keep you updated!
- From the bikeshed, head up the ramp to the second floor then through the blue door which will lead you to the pedestrian exit, from here head to Anchorage 2 and we will meet you there!

TRAM

- We are just a hop, skip and a jump away from the Anchorage Tram stop, which drops you right outside our building.
- If you're coming from the City Centre, we're stop number 8 from Piccadilly Gardens.
- Just hop off at this stop and head on into Anchorage 2 reception and we will meet you there!

PLANE

- Unfortunately we don't have a landing strip just yet but who knows what the future holds.

I have been fortunate to work on some truly interesting projects allowing me to put all I have learned during the last two years into practice.
